Cultural and Linguistic Diversity Plan

The Department of Education and Early Childhood Development is improving the way it works with culturally and linguistically diverse (CALD) communities by implementing a plan that will reduce inequities, improve access to services and encourage participation in the wider community. The Department will be supporting culturally appropriate training for staff in children's services and government schools and offices. The Department will also work to ensure communities receive accessible information about children's services and school programs. It will also monitor the effectiveness of service delivery to CALD communities.
