

MATHS AND SCIENCE GRADUATE SCHOLARSHIP

SCHOLARSHIP BENEFITS

The Maths and Science Graduate Scholarship with benefits of between \$5,000 and \$11,000 attracted graduates with mathematics or science studies to teaching. A total of 173 scholarships were awarded over three intakes between 2008 and 2011.

Scholarship recipients received \$5,000 on commencing an approved graduate entry teaching course. Recipients who go on to teach in Victorian government schools are eligible for additional scholarship payments.

- \$3,000 on securing ongoing or fixed term employment of 12 months or longer. To receive the payment employment must commence by the beginning of the second term following course completion.
- Up to \$3,000 paid at the beginning of the third year of continuous fixed term or ongoing employment. A four tier scale of payment is determined by school location.
 - o \$3,000 where employment has been at a [priority school or schools](#).
 - o \$2,000 where employment has been at a [rural school or schools](#).
 - o \$1,000 where employment has been at a schools or schools in a [provincial centre](#) or [outer suburban growth area](#).
 - o \$500 where employment has been at any other metropolitan school.
