

Habits of Mind Self Assessment

CATEGORY	😊	😐	😞
Persistence	I am willing think up new solutions and to try out solutions suggested by others.	I did not suggest or refine solutions, but I am willing to try out solutions suggested by others.	Does not try to solve problems or help others solve problems. Lets others do the work.
Listening with Understanding	I listened to the teacher and my partner during discussion and can tell you most of what they said.	I sometimes listen to the teacher and my partner during discussion and can tell you some of what they said.	I did not listen to the teacher and my partner during discussion and can tell you nothing of what they said.
Metacognition	I talk myself through the process of getting the product for most problems.	I do not talk myself through the process of getting the product.	I do not talk myself through the process of getting the product.
Accuracy	My partner and I have talked about most problems and agree on the answers.	My partner and I have talked about none of the problem and do not agree on the answers.	I have made no attempt to check my answers
Questioning	I always asked the teacher a question about things I did not understand.	I asked the teacher a question about most of the things I did not understand.	I did not ask the teacher any questions about the things I did not understand.
Applying Past Knowledge	I used some of what I know about place value and multiplication to understand this new idea.	I did not use what I know about place value and multiplication to understand this new idea.	
Cooperation	Usually provides useful ideas when participating in the group and in classroom discussion. A strong group member who tries hard!	Sometimes provides useful ideas when participating in the group and in classroom discussion. A satisfactory group member who does what is required.	Rarely provides useful ideas when participating in the group and in classroom discussion. May refuse to participate.
