Spectacular

REGION - A group of students from both Willaura, Pomonal and Halls Gap Primary schools have been practising hard for the up and coming Victorian State schools Spectacular.

The Spectacular offers an unforgettable experience in performing arts for government school students of any age to perform before thousands of people in a professional production.

The Pomonal and Halls Gap students will participate as part of the massed choir, while the Willaura students will be among the dancers at the three performances at the Hisense Arena Melbourne, on September 18 and 19.
